

**Glatt Coater GC 1500 for Filmcoating with Inlet and Outlet air handling parts
and manuell controll and complete controll system / Year 87/96**

- Spraying System for GC 1500

Spraying arm with 5 Nozzles
(New Schlick Nozzles)

Watson & Marlow Peristaltic Pump with 5 pump heads
with total sprayvolume measurement

Inlet air handling part for Glatt Coater GC 1500

With Prefilter F 5

Preheater (steam)

Cooler

Inlet fan

Bypass System,

Final Heater

Fine Filter F 9

Hepa Filter

- Outlet air handling system for Glatt Coater GC 1500
- With deduster and fan

- Glatt Coater GC 1500 Loading and Unloading

Control System with Pneumatic-, Electric-, Eletronic Cabinet

Technical Data

- Manufacture: Glatt AG CH
- Type : GC 1500
- Year : 87/96
- Voltage : 3x 400V, 50Hz
- Power : approx. 35 KW
- Capacity : 150-350 kg/ 426 ltr.
- Weight : total approx. 5.500 kg
