

- **Glatt Coater GC 1500 for Filmcoating with PLC Control Siemens S 7 with touch screen/
Year 2001 only 5000 workinghours**

- Spraying System for GC 1500

Spraying arm with 5 Nozzles with quick change System for tubes

Watson & Marlow Peristaltic Pump with 5 pump heads with total sprayvolume measurement

Inlet air handling part for Glatt Coater GC 1500

With Prefilter F 5

Preheater (steam)

Cooler

Inlet fan

Bypass System,

Final Heater

Fine Filter F 9

Hepa Filter

- Outlet air handling system for Glatt Coater GC 1500
- With deduster and fan

CIP System with CIP Rack and washing nozzles
Inside and outside the drum

Control System with PLC Siemens S 7
and touch screen

Technical Data

- Manufacture: Glatt AG CH
- Type : GC 1500 Master
- Year : 2001
- Voltage : 3x 400V, 50Hz
- Power : approx. 35 KW
- Capacity : 150-350 kg/ 426 ltr.
- Weight : total approx. 5.500 kg
